

The diagram illustrates the construction of a 365-day year using a series of horizontal lines and tick marks. The lines are labeled with numbers indicating lengths or counts:

- Line 1: 365, 3,01, 175, 3,512, 24, 3,513, 175, 2,885, 365
- Line 2: 365, 6,697, 24, 5,323, 115, 1,135, 365
- Line 3: 365, 13,875
- Line 4: 2,14, 3,70, 2,55, 3,70, 2,15
- Line 5: 14,24

The diagram shows how these lines are connected by vertical tick marks to form a continuous sequence of segments, representing the construction of a 365-day year.
